HOPE FOUND
OF NORTHEAST ARKANSAS

"This month's minute for the mission shines on one of our minor clients who has faced challenges with both her physical and mental health, requiring multiple residential treatments and hospital visits. These setbacks have made it difficult for her to keep up with school putting her at risk of falling behind. Through Hope Found's services, we've worked closely with her teachers to secure an extension into the summer for completing her assignments and created a personalized schedule that guarantees she remains on course to finish her work. With the support of various tutors arranged by Hope Found, she is now set to successfully complete her tasks by mid-July!"
